About Testify:

Testify Church of Christ was started to help bring awareness to and end sexism in the church, home, and community. It was the first Church of Christ in Iowa to have equal roles for women. The church also endeavors to reach out to society's marginalized and let them know that they are not alone and that there is a welcoming home here for them at Testify! As such, the congregation considers itself **non-denominational** and **ecumenical** due to its unique mission and ministries.
